

Citizenship at EPE

One of our roles as a school is to ensure that students understand the rights and responsibilities of citizenship. While teaching citizenship is an integral part of everything we do, we have a number of specific programs geared specifically to citizenship development.

The Bucketfilling character education program teaches students how their actions, both positive and negative, affect others.

In 2022 we initiated the Dare to Care Bullying Prevention Program by providing training to our staff, students, and interested parents.
